*Department of Pharmacy and Pharmaceutical Sciences
St. Jude Children's Research Hospital*

Mentors:

David Aguero, PharmD and Cindy Brasher, PharmD

This program is offered by the Department of Pharmacy and Pharmaceutical Sciences

**THIS CONTINUING EDUCATION PROGRAM
WILL BE PRESENTED ONCE**

St. Jude Children's Research Hospital

262 Danny Thomas Place

Memphis, TN 38105

WHEN: Tuesday, January 14th, 2025, from 1:00 – 2:00 PM

WHERE: Danny Thomas Research Tower, DTRT CR T2

and WebEx [via this link](#)

Activity Type: Knowledge Based (1 hr./0.1CEU)

Target Audience: Pharmacists and Technicians

Learning Objectives:

At the end of this session, attendees will be able to:

1. Compare intravenous (IV) compounding robotic workflows to traditional workflows in pharmacy practice.
2. Evaluate literature and guidelines to identify the operational benefits and challenges of implementing IV robotics.
3. Apply key considerations to the selection of an IV robotics vendor for a pediatric oncology hospital.

This program is approved for one hour of credit (0.1 CEU). The St. Jude Children's Research Hospital Department of Pharmacy and Pharmaceutical Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. All activities are offered without external financial support or funds. The program number for this activity is 0181-0000-23-007-L07-P. There is no charge to program participants. Pharmacy continuing education credit will be available to all participants who attend, sign in, and complete a program evaluation and assessment. Credits will be uploaded and viewable on-line at www.napb.net within approximately two weeks following the date of the presentation.

For more information, please contact Tim Jacobs, Clinical Pharmacy Specialist, Pharmaceutical Services, St. Jude Children's Research Hospital, (901) 595-8124.
