St. Jude Children's Research Hospital

James H. Fly, PharmD, BCPPS
Assistant Professor/Antimicrobial Stewardship Pharmacist
University of Tennessee Health Sciences

This program is offered by the Department of Pharmacy and Pharmaceutical Sciences

WHEN: **Thursday, November 12, 2026, from 1:00 pm –2:00 pm**
WHERE: **St. Jude Children's Research Hospital**
Pinkel Research Tower (PRT) E-1003
and WebEx via this link

Activity Type: Application (1 hour / 0.1 CEU)
Target Audience: Pharmacists

Learning Objectives (both audiences):

At the end of this session, attendees will be able to:

1. Integrate key updates from the IDSA 2026 Guidance into antimicrobial selection for resistant Gram-negative infections (i.e., ESBL-producing Enterobacterales, Stenotrophomonas maltophilia)
2. Interpret antimicrobial susceptibility results and resistance mechanisms to make recommendations for antimicrobial-resistant gram-negative infections.
3. Assess antimicrobial regimens to optimize agent selection and dosing.

The St. Jude Children's Research Hospital Department of Pharmacy and Pharmaceutical Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. All activities are offered at no cost to participants and without external financial support. The program number for this activity is 0181-0000-26-039-L01-P There is no charge to program participants. Pharmacy continuing education credit will be available to all participants who attend and complete a post-program test & evaluation. Credits will be uploaded and viewable on-line at nabp.pharmacy within approximately two weeks following the date of the presentation.
